

COVID-19: Open House Protocol

Thank you for attending this open house. Before entering, please text your name and number to () . Unless you request otherwise, this information will only be used, according provincial legislation, if needed for COVID-19 contact tracing.

I am currently required to limit access to fewer than 15 people in the property at a time. I will ask you to wait your turn if this limit has been met.

Disinfectant is available in the entryway. Please use it upon entry and before exiting.

While inside the house, please avoid touching any surfaces. Doors and cupboards have been disinfected and will be open for you to see inside. If you feel you need to touch a surface, please notify me so that I can disinfect that surface before another visitor arrives.

I will be maintaining a six-foot distance from you but will be available to answer your questions.

Entering this home demonstrates that you understand and accept the risk, on your own behalf, of viewing houses during the coronavirus pandemic without any liability on the part of your REALTOR®.

Thank you for your cooperation. By working together, we can reduce the spread of COVID-19.
