

Welcome to the Management Academy

Archbright's 6-week cohort learning program is designed to develop effective workplace leaders and is powered by DDI (Development Dimensions International).

A cohort is a group of learners who pursue the same course of study at the same time—encouraging a more dynamic, collaborative, and supportive learning environment.

Enroll in Archbright's Management Academy, and you'll join a small group of peers (limited to 18) to complete six key leadership courses. The courses occur over a 6-week period and include prep work, ongoing action items, peer check-ins, and on-demand virtual reinforcement activities.

As you move through the curriculum with a consistent peer group, you share learning on a deeper level. This team-based format builds an invaluable skillset in today's workplace. You'll engage in enriching discussions with classmates who come from a diverse range of industries and professional roles.

At the end of the cohort program, you'll receive an Archbright Management Academy wall plaque.
