MAKING A DIFFERENCE...

At Camp Fire we're changing children's lives. We do this by helping children identify their sparks, their unique talents and abilities, and provide them with tools to thrive into adulthood. One parent told us "It's a great opportunity for kids to unplug from our digital world and spend time getting to know nature as well as themselves in a safe, fun, and caring environment." Camp Fire makes an impact on our youth through our Club programs and summer camps, Camp Sweyolakan and Camp Dart-Lo.

CHANGING LIVES!

No child is turned away from Camp Fire programs due to their family's inability to pay. Camp Fire believes that all children deserve the opportunity to thrive through the Camp Fire experience. Your annual Sustaining Membership to Camp Fire allows Camp Fire to involve competent, caring adults in these children's lives.

To make a difference in a child's life, become a Camp Fire Sustaining Member.
