

AGC Public Student Memberships

The Anti-Gravity Complex is co-owned equally by CVA and the Town of Carrabassett Valley. Each owner has designated times when the other is not allowed access. In other words: when CVA is using the AGC for our athletic programming, the public is not allowed access and when the town is using the AGC for the public, CVA staff and students are not allowed in the AGC without a public membership.

The town has graciously allowed our students to receive a public membership at the discounted taxpayer rate and prorated for the school year. This allows the student to have access during all public times for the membership price of \$72.

The membership is only required if your student wants to use the AGC during public times (weekends & some hours of the evening). **No membership is needed to fully participate in CVA athletic programs.**

To facilitate those who would like to purchase a public membership, CVA will pay the town directly for the membership and bill your student account. If you wish to do so, please sign below authorizing the charge. Alternatively, you may pay directly by going in during public hours or contacting the AGC during public hours (207-237-5566).

*** PLEASE CHECK ONE OF THE THREE OPTIONS BELOW ***

- 1) I authorize CVA to make payment to the Town of Carrabassett Valley for public use of The AGC on behalf of my son/daughter and to bill their student account \$72.
- 2) I choose not participate as we already have a family/individual public AGC membership.
- 3) I choose not to purchase a public AGC membership for my son/daughter.

Student Name (print): _____

Signed: _____ Date: _____

Print Name: _____

Coaches highly recommend your child purchasing this membership.
