TESTIMONIALS

Father of one of our elite players - Lars Goransson

"Gabriel has had the great opportunity through GIS to travel to England to practice at the Wolves Academy and at the West Ham Academy. It was a fantastic opportunity for him to not only experience and learn about soccer training at an elite academy level, but also to experience culture and see some famous sites in England and London. As well, we've had the great fortune to travel with GIS to the Porto Academy and train at the famous Dragon Academy. This allowed for fantastic training sessions and a cultural opportunity to explore and learn about a new destination. The turn-key approach by GIS made the trip and the experience fun, stress-free and safe. I would highly recommend GIS tours to other families looking for a fantastic youth soccer experience."

- **Gabriel Goransson (2004) Customer since 2015**

Current Soccer.com Customer:

"Wonderful experience for players / coaches and parents. From the moment you start the tour your every need is taken care of. From the exclusive access to the pro clubs to the professionalism of the chaperones these tours are 1st class. We will have done four trips by the summer of 2019 and would recommend to any club wanting a fantastic experience for their membership."

- **Simon Davey ,Executive Director, Southern Soccer Academy**

"I have been travelling with GIS for our tours for the past 7 years. GIS has taken us to several different destinations in Europe such as England, Spain, Portugal, and Italy using their extensive network and partnerships. The experiences for the players, and their families is absolutely fantastic and unique. Our groups have always been very well organized, and GIS have always made the safety of our members their top priority.
