#### CHECKLIST FOR PREPARING FOR AN OUTDOOR ADVENTURE

Planning for a camping trip or any other outdoor adventure means that the normal conveniences of home, and potentially even accessibility to needed items left behind are not available.

Developing a checklist, like this sample below, is helpful in planning and being adequately prepared for your adventure. Some of this is common sense, but there is nothing wrong with using this checklist to make sure you have not considered even the simplest things.

It is not necessary to submit this checklist to anyone, it is simply for your benefit. Perhaps you will use this to create your own, if you find it helpful.

This list sets forth suggestions focused to remind you of basic necessities – depending upon the activity. Use this as a guideline of essentials to ensure you have <u>evaluated</u> all the possibilities given the scenarios and circumstances for which you are preparing and provisioning for your outdoor adventure. The enjoyment of the adventure, and potentially even your safety and those of others may depend upon it!

## **Checklist of Items**

1. Carrier for Provisions	
How you transport your equipment and supplies is vitally impone or two easily accessible carriers, especially in the event	
Backpack	Lightweight suitcase
Large duffel/canvas bag with dual shoulder straps in case it has to be carried for some distance	Wheeled device
2. Water	
An obvious necessity for everyone. Know what water sources event of wilderness or high adventure activities. Plan accordicategory.	
Water bottle	Solar or stovetop distillers
Gravity/hand pump water purifier/filter/extra	Desalinators for salt water
cartridges	Chlorine (5.25% sodium hypochlorite, non-scented
Bottle purifier/filter	only with no additives – 6 drops per gallon)
Purification tablets – Chlorine Dioxide/iodine	Manual pump if near a well
<ul><li>Separate containers for dirty and treated water</li><li>Multiple containers depending upon situation</li></ul>	Water gathering supplies plastic tarps/containers/instruction
Bottled water	plastic tarps/containers/mstruction
3. Food	
Numerous options are available and proper nutrition is impor fuel to prepare and impact on the weight of backpacking – ar	
Bars/trail mix	Commodities – Rice (brown rice has a short shelf
Other ready-to-eat simple and compact foods	life), grains, beans (smaller grains and beans cook quicker with less water), honey
**Freeze-dried/dehydrated	Ready-to-eat comfort and nutritional foods
Canned	Supplements – vitamins/minerals/ powdered greer
MRE's (Meals-Ready-to-Eat)	drinks
Boxed	Concentrated energy powders/bars/tablets
Non-perishable basics	Condiments/seasoning blends
Powdered foods (e.g., milk, eggs, mashed potatoes)	

## 4. Food preparation

If your adventure includes hiking and relocation of campsites, cons	ider lighter weight and efficient equipment.
Stove - camping/alternative/very portablePots and pans - stainless steel/cast iron/non-stickUtensilsDutch ovenCookware kitGrillsFuel - propane canisters/butane canisters/white     gas/alcohol/solid fuel     cubes/charcoal/wood/kerosene/lighter fluidWater/food bottleHand operated can opener/opener on knife or     multi-tool5 or 6 gallon plastic bucketsCleaning suppliesChlorine bleach - non-scentedPlastic bags/containers  5. Fire Starter - Matches	<ul> <li>Thermos for "prepare in container" whole and cracked cereals. Add about a 1:1 ratio of boiling water and cereal – close container – let sit a few hours or overnight.</li> <li>Knife sharpener</li> <li>"Package-your-own" equipment and supplies</li> <li>Solar oven and cookware</li> <li>Manual grain mills/grinders/juicers/mixers/beaters</li> <li>Sprouting equipment – portable and/or stationary/sprouting jars</li> <li>Canning equipment if appropriate</li> <li>Twist-ties</li> <li>Corkscrew</li> <li>Paper plates/bowls/cups/towels</li> <li>Aluminum foil</li> </ul>
Be prepared for any situation and the possible need to start a fire,	especially if weather conditions are severe.
Flint/magnesium starters Waterproof tinder/very fine steel wool	Windproof high quality lighters Matches in a waterproof container
6. Medical	
When your health and survival during a medical emergency is at st medical supplies. This is an important category to thoughtfully eval those with special medical conditions. Professional level supplies	uate. Don't forget medications or products needed for
<ul> <li>Quality kit with adequate components for a multitude of emergencies</li> <li>Accessories – dental emergencies/suture kit/snakebite kit</li> <li>Syrup of ipecac (to induce vomiting if poisoned)</li> <li>Essential prescription medications/allergy medications</li> <li>First Aid manual</li> <li>Insect repellent</li> <li>Sunscreen</li> </ul>	<ul> <li>Eyeglasses/contacts</li> <li>Copies of prescriptions</li> <li>Moleskin/blister pads</li> <li>Aspirin/Tylenol/ibuprofen/other over-the-counter drugs for minor issues</li> <li>Potassium lodate (lodate is recommended over lodide)</li> <li>Isopropyl alcohol/rubbing alcohol</li> <li>Anti-itch salve</li> </ul>

#### 7. Personal Hygiene - Sanitary Supplies

unsanitary conditions. Take precau iving/camping conditions require d		e environment. The length of an emergency and al hygiene.
<ul> <li>Personal hygiene items:</li> <li>soap/toothbrush/toothpaste/s</li> <li>hampoo</li> <li>Treated towelettes/ waterless</li> <li>wipes</li> <li>Plastic bags</li> </ul>	Latex gloves Toilet Paper Towels Solar shower Anti-bacterial so	
3. Clothing		
For warmth, comfort, and protection	n from insects and the eleme	nts.
<ul><li>Proper and adequate clothing season and location</li><li>Appropriate shoes/industrial q shoes</li><li>Rain gear</li></ul>		<ul> <li>Cold weather gear – layered clothing/thermal underwear</li> <li>Hat/gloves/bandana</li> <li>Extra stuff sacks</li> <li>Insect head net</li> </ul>
rain godi		Insect nead net Belts – regular/military type with small pouches
For protection from insects and theTarps	, -	Hand/body warmers
<ul> <li>Plastic sheeting/large plastic t</li> <li>Tent – *tube/*lightweight/regu</li> <li>Nylon patch repair kit/seam se</li> <li>Sleeping bag – *emergency/*l (small individual size tent/bag lightweight/regular down bag</li> </ul>	lar ealer ightweight/*bivy bag	<ul> <li>Sleeping pad/cot/air mattress</li> <li>Hammock</li> <li>Emergency/regular blankets</li> <li>Sheets</li> <li>Insect netting</li> <li>Extra stakes/rope/bungee cords</li> </ul>
appropriate governmental agencies	s and emergency organization onment, unsettled weather co	to be able to communicate with friends, family, and has in the event you find yourself in an emergency onsiderations necessitate weather alert radios. Avoid a
