This summer we are excited to offer **in-person classes** at our Central Tucson campus and **online classes** hosted on Zoom, in addition to a variety of social events.

If you are considering joining OLLI-UA for the first time, summer session is a great way to get a taste of the programming we offer year-round and will hopefully encourage you to join us as an annual member for the new fiscal year: July 1, 2024, to June 30, 2025.

Summer Session Overview

- There are 55+ offerings across OLLI-UA including social events and more dining out options to be announced.
- Central Tucson classes run Tuesday and Wednesday
- Online classes run Tuesday through Friday

Registration

- **Priority Request Registration (PRR) ends Thursday, April 18** and runs Friday, April 19.
- Registration confirmation emails will be sent after PRR runs on the 19th.
- **Open Registration begins after PRR runs on Friday, April 19.** During open registration you can continue to add (and drop) classes first come, first serve throughout the term.

What's Priority Request Registration (PRR)?

PRR is a stress-free pre-registration process that allows you to prioritize and request the classes you most want to attend. At the end of PRR, our registration system officially enrolls members in classes, filling each seat based on the priority of the request. This is helpful for classes with limited capacities that fill quickly. **It is important to give small capacity classes a higher priority if they are important to you.** If a class fills, a waiting list is started and ordered by the next priority assigned. More detail on this process and our registration planner materials can be found on our website: oli.arizona.edu.

Memberships

What you can register for depends on the membership you purchase. Summer session is open to our existing Spring and Annual members. **If you are not a current member, OLLI-UA offers a \$75 summer membership option, and it is a great way to get a taste of OLLI-UA.**

The **Annual All OLLI / Central Tucson Campus (CT) Membership** OR the **\$75 All OLLI Summer Membership** allow you to register for ALL classes across OLLI-UA through June 30, 2024.

The **Green Valley / Online Membership** allows you to register for online classes through June 30, 2024. (Central Tucson classes are not included with this membership).

Complete membership purchase details can be found at oli.arizona.edu along with information on available financial assistance.

The [Central Tucson campus](#) is located at [4485 N 1st Avenue, Tucson AZ](#), on the NW corner of 1st Avenue and Wetmore Road. The facility includes three large classrooms, a member lounge with coffee service for eating or just gathering, and ample parking.

Wood Jr., judged to be the worst director in movie history. We will look at "Midget Westerns", very cheesy space movies, and some of the worst monsters ever to visit the silver screen. This class provides a unique examination of the American Civil War due to the background of the six men whose stories are being told. They have one thing in common, namely they are all college professors! Since there were many college professors who fought in the Civil War for both sides, what criteria is used to make this determination? The basic requirements are that they participated in and had a major impact at Gettysburg. Based on this requirement, three men from both the Army of the Potomac and the Army of Northern Virginia are identified. This class examines these six college professors who exhibit the “right stuff” at the Battle of Gettysburg. What is the right stuff? First, their ability to formulate strategies in the heat of battle stems from these men having developed their critical thinking skills through their professional training, teaching, and research as college professors. Second, is that they have the audacity to act on these battlefield strategies. Third, they have the drive to succeed at the highest level in whatever they do without compromising their principles, which is the basis of the character of each of these individuals! Much prior to the war, the early life of each professor is examined to define their individual character, critical thinking skills, and their ability to succeed in their endeavors. The Civil War was decided by two professors at the Struggle for Little Round Top at the Battle of Gettysburg on July 2, 1863!

[Becoming a Mind-Mapper](#)

Subject Area: DIY/Self-Help, Literature/Writing/Language

Tuesdays: Single session 9:00 AM - 10:45 AM **Start:** Tue 5/21/24 **End:** Tue 5/21/24

Location: Online Zoom Offering 2 **Class Size:** 70

Course Description

This one-session course, based on the work of Brit Tony Buzan, will teach you how to think through and organize almost any problem or project facing you (and yours). The philosophy behind this skill is that we must switch off the linear, rigid, self-criticizing left brain and stay only in the right brain to most effectively come up with ideas. These ideas are organized in a big messy diagram, and from there, refined to suit your needs.

We'll use the Zoom whiteboard as our main tool. Topics we could tackle include:

Writing your memoir (or even your own obituary)

Planning a more balanced life

Goal setting

How to prepare for a big family gathering

A game plan for decluttering, or for the "big downsize"

Grandparents' strategy for "parenting" those grandkids.

In the class, we'll extend this list and add more through the chat. Refinements can include: Create your Mind Map on a huge Post-It and stick this on the kitchen door so that you can add to it (perhaps in a different color) as additional thoughts come; Use a different color to number the order of your ideas, resulting in an outline for an article or report you want to write; If it's a group project, give each member a different color pen to add their thoughts and revisit the collective results in a week.

Course Description

As soap is to the body, so laughter is to the soul. Jewish Proverb

As a result of the immense interest in the brief spring class on Humor, it seemed that a more comprehensive and nuanced discussion on Humor would be enjoyable for the first Summer session. What makes you laugh, or giggle, or chuckle? Can humor provide ways to heal people physically, emotionally, psychologically, and spiritually? Is there a relationship between humor and suffering? Can utilizing humor help people to reclaim their souls? Through sharing ideas and theories about the psychological benefits of humor, we will continue to discuss how a sense of humor and laughter can help us to heal. We will delve further into sources of humor and types of humor. We will talk about people's reactions to humor – why what one person finds funny might land flat for another and offend a third. We will discuss what makes you laugh and why.

Please join us for these six sessions to learn about the restorative aspects of humor and to laugh together. You need not have attended the two-session spring class on humor to enjoy this summer's amusing adventure. Bring your knowledge, beliefs, experiences, insights, wisdom, and of course, your sense of humor to share in our conversations. Please know that this discussion group is not intended to replace your own psychological therapeutic work.

That will allow a leisurely pace of one chapter each night before coming together every week to discuss those chapters. The last week will be dedicated to summarizing the entire book and analyzing any reasons it was banned. I look forward to delving into this book due to its subject matter and the lively discussions that it should generate.

Each member is expected to read the book at the suggested pace by buying or borrowing a copy.

Join us for a unique experience on the patio of the new Monsoon Chocolate Cafe! We'll be able to order from a large selection of fresh baked goods, coffees, teas, ice creams, sundaes and shakes, and of course, Monsoon's award-winning chocolates! The variety of flavors and designs are incredible!

Everything on the menu, except for beverages, is produced at the local Monsoon Chocolate Factory on East 22nd St., and there are several gluten-free and vegan offerings.

Here's a bit of information from their website:

“Making chocolate is a difficult task to begin with and making chocolate in the desert is quite the undertaking. However, we believe that anything worth doing should be a challenge. The chocolate we make is truly a collaboration with the farm workers who grow, harvest, ferment, and dry the cacao. Our goal is to honor their hard work by processing the cacao as minimally as possible to reveal the beautiful and complex flavors inherent in the beans.”

This get-together promises to be a real treat--in more ways than one!

Estimated cost of a beverage, baked good and a specialty chocolate is between \$15-20. (plus gratuity). There is also a market at this location for people to purchase chocolates and coffees, etc. Plenty of parking on-site.
