

CHALLENGER SOCCER ACADEMY

Ben Sansom

Coaching Background:

This is my 3rd year with Challenger Sports and I have previously worked with Premier and State League Futsal Clubs, as well as writing coaching programs for players and goalkeepers for my academy, Sydney Hills Futsal Allstars. In soccer, I have coached Skill Acquisition Programs for various Premier teams in NSW.

I completed a degree at the Australia College of Physical Education in Sports Coaching and Administration, through that I experienced Sports Coding Software and completed a Level one in Strength and Conditioning.

I have many Football Federation Australia accreditation's in both futsal and soccer, and hope to learn and gain more information and accreditation's over time, and I feel my time in America will really help motivate me to succeed.

Playing Background:

I have played as a goalkeeper for 20 years with various soccer clubs such as Castle Hill United, Baulkham Hills and St Columbas. I also have some field experience playing most positions on a soccer field. I have played Premier and State League futsal for various clubs in the Football NSW competitions, again as a goalkeeper.
